The History of Thanksgiving in the U.S.

By B. Ryan Smith

THANKSGIVING DAY is a national holiday. When we think of a holiday, we tend to picture images of food, family, friends, and fun. But the history of Thanksgiving is much more complex than that.

The first Thanksgiving in the United States was celebrated in 1621. It was a harvest festival celebrated by the Pilgrims and the Native Americans. The Pilgrims were a group of people who had come to the New World in search of a better life.

Over the years, Thanksgiving has become a time for families to gather and share a meal. It's a time to give thanks for the blessings in our lives and to look forward to the future with hope and optimism.

Healing An Angry World

By David Thomas

I feel that there are many people in the world who are angry. They are angry because they feel that the world is not fair and that they are being treated unfairly.

There are many ways to heal an angry world. One way is to practice forgiveness. Forgiveness is a powerful tool that can help us to let go of our anger and to move forward with a more peaceful heart.
